Who can join

- Great for kids and adults
- Absolutely no previous experience needed (majority of our customers have 0 prior experience)
- Drive your own scooter from 12yrs +**
- Be a passenger on a scooter from 5yrs +**
(Age limits are recommended ; we can sometimes accommodate slightly younger adventurers; please contact us to discuss)
- Check further down 📍 for info on Accessible tours and Group tours

We are a family-centered adventure; we find chances to get some speed on our open sections- but will take our time through our more technical/bumpy routes- we are not an extreme activity for ultimate daredevils or 'serious quad riders'! (Rules of the route at the bottom of this info sheet)

Weight Limits

Max 130kgs [20 stone] for 2 people combined

We recommend 1 adult + 1 small child together and have to be strict on weight limit (the heavier the participants- the less power a scooter will have)!

Passengers and groups of under 18s

Who can take a passenger:

- Any age driver (12yrs +) can take a passenger as long as they are driving confidently
- Smaller drivers may find it more difficult with a bigger passenger (as this requires more arm and body strength to turn)

Where do Passengers sit?

- Smaller passengers** can sit in front of the driver (so long as the driver can reach and see sufficiently over their head)
- Taller passengers** can sit behind the driver (they must have legs long enough to reach the foot panels to sit here; and can hold on tightly around the waist of their driver.

-Passengers may be able to have a try on the controls (with the Driver assisting)

Our guides can advise on all this during test ride + on tour

Participants under 18yrs?

- Under 18s must be signed in by an adult and have a responsible adult (18+) on site/tour at all times.
- 5 or more under 16yrs must be supervised by a responsible adult (18+) on tour with them. 10 or more under 16yrs require 2 adults on tour.
